COLOUR POP

Fearless fuschia & vivid pinks are “the” cult classics of the season. Truck stopping orange-red still has heads turning.

Don't be shy, if you wear nothing else but lipstick, full coverage, no shine, unbelievable longwear. Strut these shades with utter confidence.

Applause, applause

PRIME TIME

NEW
SHADE
light-medium

We warmed up our prime time shade. We call it more skin tone friendly.

For the longest wearing eyeshadow apply to eyelids in a tapping motion. As a lip primer, used to prevent feathering and keeping lipstick or gloss in place. Only a thin coat is necessary.

Your ready for your close up!
